**Guild Serves Dinner.**

The Presbyterian Westminster Guild met last evening and a delicious dinner was served by the entertaining committee. Mrs. M. E. Crosby read several letters from her brother, who is a dental missionary, at Pekin, China. These letters said that things were exceedingly high in Japan and very low in China. One article that was especially low in Japan was pearls. A fifty dollar strand here would cost about three dollars there. The next meeting of the Guild will be held Nov. 20, in the church parlors.

**Picture It In Your Home**

—this Wonderful Warm-Air Furnace that Looks Like a Phonograph

This picture shows the installation of an Estate Heatrola in a modern six-room home.

Picture one in your home.

See what a wonderful improvement it is over a heating stove. Note how beautifully it blends with other home furnishings. It combines the efficiency of a furnace with the appearance of a phonograph.

Estate Heatrola is a furnace—not a stove. Placed in one of the living rooms, it heats 3 to 6 connecting rooms, in even the coldest weather.

Burns any kind of coal, and uses less coal than a stove.

Beautifully finished in grained mahogany—a vitreous enamel, practically everlasting. You can rub and dust it with a cloth, just as you do your furniture.

**MURRY AND BARGE.**

Comedy singing, talking and dancing in black and tan. Including wooden shoe dancing and negro imitations. This act is far above the average.

**JIMMIE, MARY AND RAY.**

Harmony comedy, singing and dancing. Three acts of vaudeville differ from the usual harmony singers, in as much as they are accomplished in every thing they attempt. The female member of this set is very petite and attractive. Wearing gowns that take the eyes of the ladies. These people know how to please the audience. See them and be convinced.

**LATHAM AND RUBYE.**

This is an unusual act not only in wardrobe, apparatus and tricks performed, but the lady member of the act who weighs a scant one hundred pounds performs the larger part of the most difficult tricks, and handles the man who weighs 160 pounds. The act is presented in rapid fire order from start to finish. The feature of the act is the closing number known as the human elevator trick.

ALSO A GOOD FIVE REEL FEATURE WILL BE SHOWN.
